

Instalare Docker

VÎLCU IUSTIN-ALEXANDRU

Pasi pentru instalare

- Download docker desktop de la: <https://docs.docker.com/get-started/get-docker/>
- Cautam pe laptop optiunea „Turn Windows features on or off”
si bifam Hyper-V si Windows Subsystem for Linux
- Dupa restart, instalam docker desktop
- La pasul de configurare, lasam bifata optiunea „use WSL 2”

Windows features

Lasam optiunea cu WSL 2 bifata
